Bradley, Vorhees & Day's Hoop Skirts Bustles, and

We now confine ourselves exclusively to the Double lined Tape Loop Skirts, being particularly advantageous in giving the under side of the skirt, that come nearest to the wearer, a smooth, neat surface, the springs being securely fastened to the tape by small spangles thereby making the inside surface of the skirt comparatively free from rows of pointed teeth, preventing any wear and tear to the garments by constant rubbing.

These tapes are also sized, calendered, and the fibers of the cotton roned down so the surface will not become soiled, but wear neat and clean, the spangles acting as a pivot, enables the skirt to yield and move gracefully to every pressure. Among the assortment we have the celebrated "Party," "The Rosa,"

'The Sara Bernhardt," "The Reception," and others. PANIERS! PANIERS! PANIERS!

We call attention to the "Elite" Panier, or bustle, being indoubtedly the most stylish, fashionable, and popular combination of grace, workmanship, and durability ever yet produced in the way of a panier. The size can be modified by laces, thereby giving a graceful slope. The springs can be easily removed to permit it being laundried. We have five different lengths, at our popular prices.
